

## Key Stage 2 Survey Spring 2018

## Key Stage 2 Comments

I like this school.

I like this school. Of course I am a bit bored of the school after being in it for 8 years but I still like it. I am in the school council so I do strongly agree that I have a say in what happens at school. The teachers are nice and helpful and I do enjoy having a few conversations with them.

I am making good progress with my work but each time my teachers teach me I forget and miss says practice makes perfect and I do practice but just don't get it please will you introduce some new methods if that makes sense!!

I think that we should be able to have juice in our packed lunches and be able to use scissors and glue when it is wet play.

The school can add more clubs, school trips and more activities for the pupils and the school has got good education. It's a great school but after Easter, Year 6 can attend more clubs, school trips and so on.

We should have more activities but generally everything is good.

I appreciate that the chefs work hard to provide us with meals, but I feel we should have more options for meals, instead of two choices, because sometimes both of the choices are not nice to eat. (But not always.)

The school is great but there are some things that it needs to improve on first of all we need more school council meetings and with our drinks if we could have juice as well.

First of all, the school hot meals aren't that great. The second thing is that, the equipment is just balls, hoops and skipping ropes the year 6 and the year 5's get to play basketball. I personally think that we need to have better things because, some of us are bored and we just talk. And then when the teachers come over they tell us to do something else than talking but there really isn't. Another thing is that some year 6's want the playground next to year 6 for us to play in every playtime instead of the big playground since there are more games than the big playground.

Have good facilities.

I want blazers and ties. I enjoy science and maths.

Eruptions in science.

Some teachers are very rude and do treat me well.

I have enjoyed my time in school and after school clubs are nice and great. I love my school it is like my second home. The teachers are like my sisters. It would be better if the olders and the youngers can play.

This school is better of the world and the teachers are good and the food is good and I thanks for this school :)

I like school because this year I had help with problems and tried to do my best in P.E I am very energetic.

I think everyone should like this school because it is the best.

I really enjoy school but sometimes I don't because we do boring stuff. I am going to a football tournament which I am looking forward to.

I enjoy school but it could use more equipment.

I hope this school really stays like this throughout the years and I really like the school so much education to learn that really helps my brain and others.

THANK YOU!!!!

Everything is fine.

We play nicely at play, but some seem bored so we would like more equipment.

I think it would be better if the olders and the youngers can play.

I wish some people were nicer and maybe more trips, clubs and performances and better equipment.

This is a good school and help me in maths and lots of other lessons.

I love the school it helps me learn.

I enjoy school BUT the homework. LIKE the English Homework sometimes it's easy and sometimes, it's like so hard it might even take 3 days!

This school is great, I love it! Year 6 don't do as many after school clubs as the rest of the school but, it's still fun!

This school is amazing however, what I think needs to been done is that we could not have any traffic system (behaviour system). Also we should have a time for things we would like to do on the computer which would been nice, so thank you.

I wish it was swimming all day and forever.  
I want the school to do science experiments once a week.  
My school is really enjoyable.  
I love swimming lessons.  
I love my school lunch and I love and like my friends.  
I like PE and the teacher is kind.  
I like art, swimming and PE.  
I love art, playing and studying.  
I enjoy the books in the school.  
I like school!!!  
I enjoy PE and Art.  
I enjoy art and crafts.  
I love my school lesson and I love lunch time the best.  
I am doing my first holy communion this year.  
I like this school it has lots of activity.  
I have learnt a lot at my school. It has helped me to learn about maths and Phonics. I enjoy going to church. I like all the teachers in my school.  
School is a fun place to be.  
School is a fun place to learn and care about other people.

I love this school! My teacher is very friendly, in fact everyone is friendly!  
I enjoy school.  
More interesting trips and clubs.  
I love the equipment.  
I think my school should have more classes and not just end in year 6.  
This is the best school I've been to but when there's drama there is a LOT of crying sometimes I'm fine and sometimes I'm in LOTS of drama but I like helping people getting back to friends.  
All of my different teachers have different teaching styles and that helps my primary school experience to be the best experience of all.  
Not all adults treat pupils fairly. And maybe the school should change the uniform, apart from that I enjoy school!  
It's brilliant.

I think the school is good but not the great, it has a lot of things I'd like to change such as school uniform but other than that I'd say the school is good.  
I would like the juniors to have play at 14:30 as well.  
I really like that the TA help us when we need additional help.  
I like the way Teachers encourage you to do well!!  
This school is really good. I recommend it.  
I would like to have more equipment out at play time other than basket balls and hoops. The teachers are kind and educate us really well. The playtime staff help us when we are hurt but I would like to see a bit more from them. I would like this school to do a bit more clubs particularly for the juniors like cookery and arts and crafts. Overall I think that this school is great.  
Get more equipment for playtime.  
Teachers are kind.  
I wish there were more after school clubs.  
I appreciate the fact that this school has many things to offer and that we have fun activities like: school disco, cinema night, own clothes day and so on.
