

St Augustine's Catholic Primary School and Nursery  
Parent/Carer Perception of School - January 2017 82 parents 42%

**Some comments from the parent's survey. Other comments have encouraged both staff and governors to deliberate, reflect and act upon parents' perceptions of the school.**

I agree St Augustine school promotes good Christian values and encourages their pupils to do their best. I chose St Augustine because of these values and I am pleased with the choice I made.

*I am very happy with the progress of my daughter's behaviour and I hope she will continue to improve, thanks.*

I would like to get more information about how my child is progressing. Thank you.

*I'm satisfied the school I'd choice on my child.*

We are satisfied with the choice of our school. We find peace and love at St Augustine. The teachers are just so amazing and welcoming. Our child is really progressing by the help of the teachers. We must surely recommend.

*The children should have more homework especially more writing. Active learn is really helpful but it's sad that they have only [word illegible]. The children sometime complain about bad behaviour other children in the playground.*

I'm really pleased with my child and happy to take him to St Augustine school every class day. I'm confident that he is safe and in good hands in school.

*School should provide an early breakfast club (at 7 am) that parents can go to work early. I have to organise friends that they took my child to school, because the school only has an early club at 8 am. My children would like to attend, unfortunately can't. I have to be at work at 8 am, lots of parents have the same problems.*

More needs to be done in regards to the behaviour of some children in year six. Also the school needs to make the effort in having balance in admission to avoid having more boys than girls in one class.

*I am very proud that my child attends this school, she is very happy here and learning so much. The atmosphere is lovely and I am so happy that my child has lovely friends and teachers. It is a very warm and welcoming environment to be in. It makes me content that my child loves going to school in the mornings. We are blessed.*

Changes of teachers this year have unsettled my child.

My child is new to this school, but so far I feel my child has been supported at school. The school information and resources have been quite appropriate. Overall, the school treats my child fairly and politely and I'm satisfied with my choice of this school.

*St Augustine's Catholic Primary School is a very good school. It has the standard needed to educate children to progress in their studies and moral behaviour.*
