

**Safer Internet Day 2017** is being celebrated globally today, Tuesday 7th February, with the slogan 'Be the change: Unite for a better internet'.

This is also great opportunity to learn more and connect with your family and friends.

The day offers the opportunity to highlight positive uses of technology and to explore the role we all play in helping to create a better and safer online community. It calls upon young people, parents, carers, teachers, social workers, law enforcement, companies, policymakers, and wider, to join together in helping to create a better internet.

Please see the links below for you to talk with your family members about internet safety.
