

# St Augustine's Nursery Newsletter

## Summer Term 2018

Dear Parents/Carers,

This term we welcome two new children to the Nursery. We look forward to helping them settle in and make new friends.

Our first R.E topic is "Good News". We are learning how it feels when we receive good news and how we can tell others. At the heart of this topic is the Good News that Jesus is alive. Our other RE topics are "Friends" and "Our World". We will be learning how Jesus taught us to love one another and how God has entrusted us with the care of our beautiful world.

**Fred's Good News** To help us understand about Good News, we are going to be using Fred Bear. Fred went on holiday and sent us a postcard from his travels. We will send home a book for you and your child to fill in when he comes home to stay in the next few weeks. You can take a photo of Fred with your child for us to share on display above our altar. (Please feel free to send photos to the school office and we will print them out for you.) Please write a few words about his visit. Even better if it's in the words of your child!

Our other topics are **Growing**. We have planted sunflowers and will be watching them grow. We will also be planting some herbs and vegetables. This will link in with healthy eating and we will read non-fiction books about food and plants. There will be some non-fiction books available in the lobby for you to read with your child before school.

**Planting** We will be planting flowers, herbs and vegetables this term and watching them grow. We will be finding ways to measure and record them. We have already planted some poppies and campanulas and we are looking forward to putting them in our garden.

### WOW News!

Keep sending in your WOW news.  
Let us know if you need more  
sheets.

**Warm weather** We had some beautiful weather last week. On sunny days make sure your child is appropriately dressed with their shoulders covered and no open toe sandals. We have some sun hats in the Nursery but children may bring their own. Remember to apply sun cream.

We will be having lots of activities that involve water so make sure your child has spare clothes on their pegs as, I have no doubt, they WILL get wet!
