

# Sports Hall Athletics

November 2018

Years 5/6 Boys & Girls

The sports hall athletics festival was hosted by Bonus Pastor in their amazing sports hall. We welcomed a number of young leaders from the school who assisted in organising the events that included javelin, basketball chest push, speed bounce, long jump and then a host of different running events. They did a superb job ensuring all children had a great time and keeping all the scores.

The field events were first and it was amazing to watch all of the pupils mixing together and helping each other from the different schools.

Next up were the track events and the atmosphere was electric! All schools were really cheering on their team and the noise was so loud!

The winners received a gold medal each and a trophy for their school. The runners up were presented with silver medals. Every child went home with a certificate.
